

University of Vermont Plant Diagnostic Clinic
PLANT SPECIMEN SUBMISSION FORM

SAMPLE ID.

RECEIVED DATE.

Plant disease diagnosis is a team effort and begins with the submission of a **good-quality** specimen accompanied by **accurate** and **complete** information. Please follow these guidelines to provide the best sample possible. If the sample is insufficient for diagnosis, you will be asked to submit a new sample. If you have any questions, please call before submitting your sample 802-
