The University of Vermont

Academic Planning Form for Semester Study Abroad

TO BE COMPLETED BY THE STUDENT IN CONSULTATION WITH Academic Advisor in CEMS Student Services

College of Engineering & Mathematical Sciences students should complete this form during their first year.

Student Name: _____

- ☐ required courses in my major that are only offered once per academic year (e.g. spring only) OR are there course sequences in my major that must be taken at a particular time?
- ☐ If I am in a highly structured major, are there distribution requirements or electives which I should save to take while abroad?
- ☐ Are there courses which, if taken abroad, will not fulfill major/minor requirements?
- ☐ I am considering going abroad during the semester(s) noted below. Are there courses for my major or minor I need to take abroad to remain on track to graduate in May/December ___?

NOTE: Generally students should assume that the following University requirements may not be taken abroad: Diversity Categories 1 (D1); Foundational Writing and Information Literacy (FWIL). Check with your advisor for exceptions.

Planned semester/year abroad: _____

I have discussed the above with my advisor. I understand no one can promise that the courses I take while abroad will fulfill specific degree requirements until after a transfer evaluation is completed upon returning from abroad. I understand it is to my benefit to know what requirements I have left to complete prior to deciding on a program and prior to going abroad.
